## A NOTE FROM OUR PRESIDENT & EXECUTIVE DIRECTOR

*“I was a stranger and you welcomed me...”*

In 2017 we celebrate the 400th anniversary of the birth of the Vincentian charism. It was in 1617, while preaching in the parish church of Chatillon, that Vincent exhorted his congregation to take responsibility for a poor family from the parish that had taken seriously ill and were in need of food and comfort. The family was saved by the overwhelming response to this call to action. As a result, Vincent had his great realization that for charity to be effective it must be properly organized – an event which has been the inspiration for charitable works for the last 400 years.

This is the year of welcoming the stranger. To Vincentian volunteers this is not a new belief. Embracing our neighbors is at the very core of our mission. When they are in need of a helping hand, we offer spirituality, guidance and assistance to ease their burden. We ask ourselves...

- **Who are the strangers in our midst?**
- **How are we currently supporting them?**
- **What new needs are emerging?**
- **How might we respond to these needs?**
- **Might we be the strangers in need of welcoming?**

Since 1948, the Society of St. Vincent de Paul has been helping our neighbors on Long Island. We continue to evolve with the changing needs of our communities. Today’s social needs and the far reaching implications of ignoring them are discussed more openly than in the past. This brings diverse people and issues to the table. Using our mission to guide us, we will continue to evolve to understand and address the deeper needs of those that we visit.

As we expand our reach to help the suffering and deprived, we find neighbors in need in every community – from Freeport to Manhasset from Mastic Beach to East Hampton. No community is immune. Along with those in need, we find new neighbors stepping up to join the Vincentian volunteers.

All that the Society of St. Vincent de Paul does is only possible with the support of our donors, friends and volunteers. The Long Island community has always been very generous to our mission. The success stories and information in this annual report will reassure you that we are good stewards of your kindness. On behalf of our neighbors, THANK YOU! We realize that the mission to end poverty is a long-term one. Therefore, the Society of St. Vincent de Paul and our fellow Long Islanders still need your support to ensure every Long Islander can know the feeling that they and their family are warm, dry and not feeling the pangs of hunger.

# Philosophy, Values & Spirit

The Society of St. Vincent de Paul continues to be a comforting source of hope in the communities we serve. Although times have changed, the mission to grow spiritually through service to the poor, which was established in 1833 by our Founder, Blessed Frédéric Ozanam, is still at our core and guides the practical and non-discriminating works of charity as originated by the first Vincentian groups, called Conferences. Conferences are groups of 5-50 volunteer laymen and women organized in parishes across Long Island that help people in their local communities.

The goal of the Society is to assist the poor, the needy and the disadvantaged, through face-to-face service, providing aid as well as emotional and spiritual support whenever needed. In the spirit of our patron, the Society of St. Vincent de Paul helps any person who demonstrates a genuine need. The Society does not discriminate against age, race, gender, ethnicity, or religion. Each individual is treated with respect and dignity through proactive support.

The Society of St. Vincent de Paul is the only organization on Long Island that provides “home visits” as its core service model. This practice is the defining symbol of Vincentian commitment and the ultimate respect for our neighbors in need. By assisting families in their homes, the Society reaches out beyond the scope of social services and into the homes and hearts of those seeking aid, providing a safe place for them to confide their stories of struggle. The Vincentian Spirit is the driving force behind the Society of St. Vincent de Paul and the reason why the organization has been in existence for 180 years. The essential elements that define members of the Society of St. Vincent de Paul are Spirituality, Friendship, and Service. By becoming personally involved in helping the poor, Vincentians follow Christ and bear witness to His compassionate and liberating love. In turn, the poor provide Vincentians with an opportunity to fulfill their purpose and live out their commitment to Christ.

St. Vincent de Paul  
*Vincent de Paul, who died in 1660, was declared Patron Saint of all works of charity by Pope Leo XIII and was canonized June 16, 1737.*

*“Yours must be a work of love, of kindness, you must give your time, your talents, yourselves. The poor person is a unique person of God’s fashioning with an inalienable right to respect. You must not be content with tiding the poor over the poverty crisis; you must study their condition and the injustices which brought about such poverty, with the aim of a long-term improvement.”*

**BLESSED FRÉDÉRIC OZANAM**  
Founder

*“But be kind and love, for love is your first gift to the poor. They will appreciate your kindness and your love more than all else you bring them.”*

**BLESSED ROSALIE RENDU**

# Family Assistance

It only takes one missed rent or mortgage payment, unpaid utility bill or other unmet financial obligation to turn a temporary financial setback into a true financial crisis. And it can happen to anyone. Sudden illness, a layoff, or a natural disaster can send a stable family spiraling into crisis. One of our goals is to prevent families from experiencing ongoing hardship and help them become financially independent.

To offer respite for families in these types of situations, SVDPLI offers the following programs:

**FAMILY ASSISTANCE:** One-time financial help to get a family back on their feet.

**UPLIFT:** Long-term temporary support to help a family pull themselves out of a downward spiral caused by either a temporary setback like a layoff or illness, or generational poverty.

*“How marvelous it would be if, at the end of the day, each of us could say: today I have performed an act of charity towards others.”*

**Pope Francis**

**ROSE**

Rose\*, a single mother of three children, worked as a caregiver to the elderly and sick, cleaned homes, and tended to others' children to support her family. Like so many, she barely managed to pay her bills.

When she lost a home care job because the family determined that nursing home care was necessary, she fell behind in her rent and was referred to the Society of Saint Vincent de Paul.

We arranged a home visit and some possible job referrals. Her apartment was small, but well-kept and on the wall hung an old guitar with a

broken string. Rose told us how she and her children would take it down, pass it around and try to play it while they laughed and sang together. She was thrilled to learn we could provide some rent assistance and car repairs so she could get to her new job. But it was the thoughtful gift of a set of guitar strings, a couple of picks and an instruction booklet that overwhelmed her. Rose shared her memories of how her father had played the guitar when she was a young girl. She could now pass that tradition on to her young ones.

**DENA**

Dena\* is an Army Veteran and a single mom of two young children. After serving her country for 12 years, she was working full-time for a local university. Unfortunately, due to budget cuts, she was laid off in December of 2014.

Not one to give up, Dena found a part-time job and enrolled in school to earn her LPN. A year later she found herself struggling to pay her rent, keep her boys safe and continue to attend classes. Fortunately, she found her way to the Society of St. Vincent de Paul. She was requesting one-time assistance with her rent.

Our Vincentian team knew Dena had the drive and opportunity to become self-sufficient with temporary ongoing assistance so she could finish school and provide for her family. She was perfect for the UPLIFT Program, which provides financial, moral and spiritual support over a sustained period of time.

When asked about the program and the Society of St. Vincent de Paul, Dena said, “I am a woman of faith and I believe that God puts people in our lives at a time and place for a reason. The Vincentian volunteers that helped me were relentless in providing what I needed to be able to turn my life around. Without the UPLIFT program, I wouldn't have had food or a home for me and my boys and I definitely wouldn't have been able to finish school.”

Dena received assistance from the Society of St. Vincent de Paul's UPLIFT Program for 10 months. In August of 2016, she successfully completed school, received her LPN and is currently employed in the healthcare field!

# Behind the Bins & Thrift Store Doors

Most Long Islanders recognize us for our dark green clothing collection bins, our trucks, and our thrift stores. Across Long Island from the Queens border to Montauk and Orient Point you will find over 250 bins. Yet it's the people behind the bins and stores that are our real story. It is the actions of our volunteers that connect bin and store donations to our neighbors in need.

Donations of clothing and home furnishings are critical to helping us fulfill our mission. At almost every home visit our volunteers discover neighbors in great need of adequate clothing. More often than not, they also find a family without the basic furnishings we take for granted - a bed or a table and chairs to have a meal. Faces light up when our truck arrives.

The revenue from sales in the thrift stores supports all the programs and services we provide.

## It's Easy To Donate!

## Welcome Home

Whether new or old, small or large, a home is our refuge. A place for shelter from a storm or from the day to day challenges of life. The Welcome Home program provides basic furniture and household equipment to veterans and other individuals attempting to re-establish themselves. They have overcome any or all of the following issues: homelessness, drug and alcohol dependency, poverty and neglect, or incarceration and are embarking on a more independent life.

The program, a partnership with the Interfaith Nutrition Network (INN), United Veterans Beacon House, Angels for Warriors, and Services for the Underserved, began with a generous grant of \$25,000 from an anonymous donor.

Ms. R. and her two small children lived in a shelter for over a year before they finally found an apartment. They were overjoyed but were unable to furnish it. When she learned about our "Welcome Home" grant, she cried with relief. Her children would have beds and dressers and they would have a kitchen table to share meals as a family. She told us that it was her dream come true!

## Dental Assistance Program

Dental care is often the last thing an individual or family in need is able to afford when they are struggling for life's necessities. Even those with insurance can't afford the co-payments. But good dental care is as important as any other medical care.

The Dental Assistance Program was launched in early 2016 with a \$20,000 grant from the Society of St. Vincent de Paul's National Office.

Gary was receiving social security and a small pension, but was living paycheck-to-paycheck. He took a part-time job to help make ends meet, but was still struggling. He applied to Saints Cyril & Methodius' parish outreach to help supplement his food supply.

Dental care of any kind was beyond his means. He had given up on ever going to a dentist. A Vincentian home visit to assess his needs, coincided with the implementation of our Dental Assistance Program.

When he received the call to inform him of the service that he was being offered, he was so overwhelmed that he shed tears. Gary had all his dental needs met beyond his expectations and had a huge financial burden taken off his shoulders.

*"I can't put into words what this has meant to me. I never thought I would have my dental needs taken care of. Everyone from the Vincentian Volunteers to the office receptionist to the Dentist treated me with compassion and respect."*

# Transitional Homes

Chapel at Anthony House

Anthony House and Dismas House are the Society's homes for men in transition. Whether burdened by addiction, chronic unemployment, criminal past, or other challenging circumstances they all share the drive to improve their station in life. Men are provided with resources to help find jobs, remain sober and learn the life skills necessary to be successful.

## A GIFT TO GIVE BACK

I routinely donate to Anthony House because it is a simple, effective but very powerful program. Anthony House saves lives. I know, it saved my life! That was 25 years ago. I will always be grateful. I still visit (though not enough) and it really has not changed, it remains a beautiful but humble residence with a mission that is unwavering.

I know what my donations do. I give because I know that what I give is spent properly and effectively. I give because I have witnessed first-hand the power of the mission of Anthony House.

I will continue to give because I believe that if Anthony House was not there for me in my time of need I sincerely doubt I would be alive today. I give today so others may have that same opportunity.

## MIKE'S STORY

There is a long history of addiction in Mike's family including his parents, aunts and uncles and grandfather. When he was 10 days old, his dad left and his mom gave him to his grandmother to raise. He worked all of his adult life to support himself and his wife. Mike was not a stranger to drugs and alcohol and it took a negative toll on his ability to hold a job, and make good decisions. His life took a particularly dark turn when his grandmother died and his wife left him almost simultaneously. A fateful decision, that involved him in a robbery, resulted in him serving 5 years in prison.

*"They welcomed me with open arms, a plate of food and warm clothes to wear. They don't judge me on my past, giving me the chance to grow and achieve my goals."*

**Mike Pistone**

## A New Beginning

Upon release, Mike returned to the rough neighborhood that had been home. He quickly realized no good would come from staying there. He moved to Long Island, found a job and a room and began attending Mass at Queen of the Most Holy Rosary. It was there he learned about Dismas House. On a cold

November afternoon, he visited and met with the director. He left with a warm coat and a renewed sense of hope. A few weeks later, through no fault of his own, Mike was about to find himself homeless. A frightening situation for anyone, but an impossible one for a parolee who needs an address for their parole officer. Call it luck or divine intervention, Dismas House staff contacted Mike to check on him and welcomed him home.

## His Journey Continues

According to Mike, there is no place else like Dismas House for men like him. Men who made a mistake, atoned for it and are determined to live a better life. Mike is working, participating in a 12-step program, and attending Mass regularly at Queen of the Most Holy Rosary. He cherishes the transitional home and family he has found at Dismas House. His face lights up and eyes tear when he describes decorating the house for Christmas. He is looking forward to continuing his sobriety and being self-sufficient, hoping one day he will be able to give back to the Society of St. Vincent de Paul and Dismas House.

*"I've been coming here for 22 years, almost every Saturday morning since I retired. I'm here to support these men. I'm not a professional counselor, but I am a good listener. Some days I just listen, some days I share from my life experiences."*

# Young Vincentians

The Diocesan Council has committed itself to facilitating the development of Youth Conferences throughout Long Island. In parishes and in schools, Young Vincentians are learning about the mission of the Society, in communion with their peers, while performing service on behalf of their neighbors in need. Whether they are collecting clothes or toys, beautifying a backyard or community park, or hosting a luncheon for the developmentally disabled, these young people are responding to the call to put their faith into action.

*"Do not be afraid to sow many seeds and be open to the many new possibilities of engaging young people in the Society."*
